Criticism Delhi Jal Board Over Yamuna pollution

MM BUREAU
New Delhi/January 29
The National Green Tribunal has slammed the Delhi Jal Board (DJB) over pollution in Yamuna saying water quality remains highly deteriorated as pollutants are still being discharged into the drains.

The green panel directed the Delhi Chief Secretary in coordination with the Chief Secretary of Haryana and Uttar Pradesh to personally monitor the progress of Yamuna cleaning by evolving effective administrative mechanisms to handle grim situations caused by years of neglect.

A bench headed by NCT Chairperson Justice A K Goel said it is clear that major problem of preventing pollution by discharge of sewage, industrial effluents

and other pollutants remains unaddressed.

There is hardly any improvement in evolving meaningful and effective institutional mechanism for monitoring.

Though Integrated Drain Management Cell is reported to have started functioning, tangible results are yet to be shown, as noted in the report of the Yamuna Monitoring Committee (YMC).

The tribunal noted that the YMC has particularly found that 143 drains in the catchment of Najafgarh and Shalimar drains have not been topped.

The NCT said that YMC has noted huge gap in generation and treatment of sewage and has rightly recommended that all the drains in which untreated sewage is being discharged

need to be intercepted and diverted so that the untreated sewage is not conveyed to the river.

"Such gaps need to be bridged in UP and Haryana also. The IDMC and DJB have to ensure this for Delhi. The monitoring by Additional Chief Secretary and Chief Secretary Delhi has yet to take place.

"Necessary devices for sewage and effluent treatment have still not been installed to the required extent. Inadequacy of sewage treatment plants is also being found in absence of regulating composition of discharge, which find place in the river through sewage, for which action needs to be taken by

Being made encroachment free, affecting the riverman ecology. Awareness programmes are inadequate. "Indiscriminately parks and other measures have also been found to be inadequate. Frequent flooding is also in absence of regulating composition of discharge, which find place in the river through sewage, for which action needs to be taken by

Compensation regime needs to be strictly followed on polluter pays principle which was not happening despite failure of the regulator, it said.

The tribunal also said there is need for continuous and effective working of the IDMC, to plan and oversee prevention of untreated sewage being discharged in the drains or the river.

Apart from discharge of sewage, there is need to stop DPCC/PCRB Ministry of Consumer Affairs. It has been decided to be managed by involving inter state case administratively, the bench said.

The tribunal said that enforcement needs to be enforced against failure of time limit which are being changed at leisure with no adverse consequences against non-performers.

The green panel directed the Delhi Chief Secretary in coordination with the Chief Secretaries of Haryana and Uttar Pradesh to personally monitor the progress of Yamuna cleaning by evolving effective administrative mechanism to handle grim situations caused by years of neglect. A bench headed by NCT Chairperson Justice A K Goel said it is clear that major problem of preventing pollution by discharge of sewage, industrial effluents and other pollutants remains unaddressed.

Meaningful working of special purpose vehicle by DJB will depend on success in enforcement and keeping continuous vigilance," the bench said.

The tribunal said the YMC has functioned for more than two years and contributed in a big way in alerting the authorities with a clear road-map by its exhaustive reports on every aspect but the action taken by authorities has not been found to be adequate.

"We place on record our appreciation for the contribution of YMC in the last more than two years. With the taking over of the further monitoring by the Chief Secretary of NCT of Delhi, Haryana and UP, proceedings of the Committee constituted by the Tribunal on the subject will stand concluded," the bench said.

The green panel had directed the Delhi, Haryana and Uttar Pradesh governments to take expeditious action on sewage management, industrial pollutants and solid waste being discharged into the river.

Court suspends MLA Bharti's conviction and sentencing in assault case

MM BUREAU
New Delhi/January 29
A Delhi court on Thursday suspended the conviction and sentence awarded to Malviya Nagar Area Ambedkar Party (AAP) MLA Somnath Bharti in a 2010 assault case at the AIIMS, pending the outcome of his appeal filed before a higher court. The new order has kept alive Bharti's chance to continue as a legislator.

Under the Representation of the People's Act, a legislator stands disqualified upon being sentenced to jail for a minimum of two years.

The membership of the house is lost with immediate effect.

The legislator then has to obtain a stay on the conviction to remain a

member of the house — a mere suspension of sentence or jail term will not suffice.

On Thursday, special judge Vikas Dhilli said the appeal hearing, challenging the order of the magistrate court, was going to take time. The judge also directed Bharti to pay a personal bond of ₹30,000 and produce one surety of the amount.

"Since the appeal is going to take considerable time for disposal and having regard to grounds set out in the appeal, the application filed by the convict/appellant is allowed and conviction order dated January 22 and sentence order dated January 23 are suspended during the pendency of this appeal," the judge said in his order.

Bharti, through his counsel Mohammad Imad

and Pritish Subhakarwal, had filed a plea challenging the conviction and sentence awarded to him for breaking the fencing of a boundary

of AIIMS, had filed a plea challenging the conviction and sentence awarded to him for breaking the fencing of a boundary wall of AIIMS with a cartwheel on September 9, 2010.

He was accompanied by 200 others, according to the complaint by HS Ranat, chief security officer, AIIMS.

The court had convicted Bharti for various offences punishable under the Indian Penal Code, including sections 323, 352 and 147.

The court, however, had acquitted Bharti's associate and co-accused - Jagat Saini, Diljeep Singh, Sandeep Singh and Rakshit Pandey — sitting back of evidence.

Delhi's air deteriorates further, slight improvement on horizon

New Delhi/January 29
The air quality in Delhi at Yam on Friday deteriorated to reach the highest end of the 'very poor' zone. It was recorded at 406 in the AQI scale. Central Pollution Control Board (CPCB) monitoring show that the overall air quality index (AQI) of Delhi was 207, in the 'very poor' zone, on Thursday. On Wednesday, the AQI was 118. Union ministry of earth science's air quality monitoring centre, System of Air Quality and Weather Forecasting and Research (SAFAR), forecasted that the pollution levels are expected to continue in the coming days, although improvement in visibility and AQI is likely to marginally improve to the lower end of the very poor category in the next two days. AQI is forecasted to marginally deteriorate to near the 'moderate' end of the very poor category, according to the SAFAR forecast. On Thursday, the maximum temperature in the Sushringar observation area, which is considered the official marker for the entire city, was 3.9 degrees Celsius, which was five degrees below what it considered normal for this time of the year.

8,244 Health Workers get Covid-19 shots in Capital

MM BUREAU
New Delhi/January 29
Of the 10,000 intended beneficiaries of Thursday, 8,244 received Covid-19 vaccine in Delhi, the highest number of people taking the shot in a single day ever since the nationwide drive began on January 16, according to official records. The government also opened 20 new vaccination sites across the city. Both central and north districts saw highest increase in the number of vaccination centres with four additional sites each. The sites were opened in places that saw high turnouts — over 99% — for the last couple of days when the number of people getting the shot went up," said a senior official from Delhi's health department. Thirty four hospitals in the city were able to administer 100 vaccines on Thursday, including 10 hospitals run by the Delhi government, according to government officials. According to city hospitals, the high turnout is the result of a tweak in the government's COVID platform that allows walk-in beneficiaries even if their names are not on the day's list. A senior health official from central government-run Lady Hardinge Medical College said, "Only about 60% of the people who are called in for vaccination each day actually come to the centre for vaccination. Health care workers are still hesitant to get the vaccine but there are also people who are on leave or on quarantine and not come. Also, a few people are sent back each day because of contraindications."

Delhi riots: Court rejects bail plea of Pinjra Tod member Devangana Kalita

MM BUREAU
New Delhi/January 29
A Delhi court on Thursday denied bail to Pinjra Tod member Devangana Kalita who was booked under the stringent UAPA for allegedly conspiring to orchestrate the north-east Delhi riot last year. The court said three are linkage shown by the prosecution between Kalita and other accused persons and the allegations against her were prima facie true. Additional Sessions Judge Anshul Rawat also said all the citizens of the country under the Constitution have the right to have the right to protest including the right to oppose any legislation, however, it is not an absolute right but subject to reasonable restrictions. It said that previous conviction was taken under Unlawful Activities (Prevention) Act (UAPA) and thus, an independent review of the evidence gathered during the investigation has been done by an independent authority after its satisfaction about the evidence. The conviction of the accused for account that the sanction was given in haste is not for this court to give an opinion on. What is important is that an independent authority has given its opinion about the applicability of UAPA in the present case. The court said it noted that as per the prosecution, there were messages on Delhi Pradesh Support Group Whatsapp Group, particularly on February 24, 23 and 24 last year, allegedly showing the role of Pinjra Tod. Kalita was arrested for hatching a conspiracy along with the other accused to orchestrate the north-east Delhi riots. The specific role for which she has been accused is for calling people to block the roads, that resulting in the riots. Central riots had broken out in north-east Delhi.
